

# Double Trouble

## Femme

You think you've got it made  
Building a collection  
Ain't no turning back  
It's all the same

You're making it look easy  
But I don't want a part of it

Cuz I don't know, I don't know what you're gonna do  
And I don't know, I don't know what she's gonna say  
And I don't know, I don't know how to help you put the pieces back again

Cuz I don't know, I don't know what you're gonna do  
And I don't know, I don't know what she's gonna say  
And I don't know, I don't know how to help you put the pieces back again

Dancing on dangerous ground  
One to your left while the other's in your bed  
There's no denying, one woman's in writing, the other's just a buy in

And I don't know, I don't know what you're gonna do  
And I don't know, I don't know what she's gonna say  
And I don't know, I don't know how to help you put the pieces back again

Dancing on dangerous ground  
One to your left while the other's in your bed  
There's no denying, one woman's in writing, the other's just a buy in

It was alright when you first met but now you've gone and made a real big fucking mess  
You've got two phones for two different homes  
One for the daytime, one for the night calls

You've really gotta kick it, go home  
You just don't get it, go home  
Try and forget it, go home  
Cuz right now you're in double trouble

Dancing on dangerous ground  
One to your left while the other's in your bed

There's no denying, one woman's in writing, the other's just a buy in

Dancing on dangerous ground

One to your left while the other's in your bed

There's no denying, one woman's in writing, the other's just a buy in
