Not Getting Any Easier

Jesse Ruben

When I'm not quite sure
When I change my mind
When I veer off course
When I cross the line
Will I miss you, yes
I miss you all of the time
When I'm half asleep
When I'm wide awake
When I play for keeps
When I find my way
Will I miss you, yes
I miss you every day
It's not getting any easier
It's not getting any easier
When I start to laugh
When I'm losing grip
When I can't relax
When I just won't quit
Will I miss you, yes
I miss you, I hate to admit
When the votes are in
When I come in first
When I cannot win
And I think I'm cursed
Will I miss you, yes
I miss you, nothing is worse
It's not getting any easier
It's not getting any easier
It's not getting any easier
It's not getting any easier
When I'm not quite sure
When I change my mind
When I veer off course
When I cross the line
Will I miss you, yes
I miss you all of the time
