

# Falling Again

[Don Williams](#)

I should take my time, I know, take it easy, take it slow  
Every heartache needs to mend, before you love again  
So I hold on for a while and try to keep this old heart free  
Then I look across a room and someone smiles at me Oh, and heaven help me here I go again  
Before I've even had the time for this old heart to mend  
Oh, I just get over one heartache and then  
Here I go, like a fool, falling again People tell me take your time, wait a while and clear your mind  
Give yourself some time to heal, if you fall be sure it's real  
But it seems that every time, I'm almost on my feet  
Somethin' makes me say hello, to someone on the street Oh, and heaven help me here I go again  
Before I've even had the time for this old heart to mend  
Oh, I just get over one heartache and then  
Here I go, like a fool, falling again
