Backward Bullet

Maxim

Mirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?The streets are bleeding, many guns are feeding
Mothers are grieving, justice is deceiving
The uniform our enemy, cop killing for energy
Kids die through corrupt cops, bullet biting has gotta stopWhat doesn't kill me makes me stronger
What doesn't kill me makes me strongerKnock me out, I've gone to ground cut me down. I've gone to ground
Backward bullet cut me down backward bullet. cut me down
Knock me out, I've gone to ground cut me down. I've gone to ground
Backward bullet cut me down backward bullet. cut me downThe streets are bleeding, many guns are feeding
Mothers are grieving, true colors revealing
Guntopia our culture, young brother you're my future
Young attitude so innocent. Mankind needs deliveranceKnock me out, I've gone to ground cut me down. I've gone to ground
Backward bullet cut me down backward bullet. cut me down
Knock me out, I've gone to ground cut me down. I've gone to ground
Backward bullet cut me down backward bullet. cut me downMirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?
Mirror, mirror on the wall, who do we fear most of all?What doesn't kill me makes me stronger
What doesn't kill me makes me strongerWhat doesn't kill me makes me stronger
What doesn't kill me makes me strongerWhat doesn't kill me makes me stronger
What doesn't kill me makes me strongerWhat doesn't kill me makes me stronger
What doesn't kill me makes me stronger
