Colorful World

kathryn ostenberg

It's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live in
It's a colorful worldShe wears nose rings with weird things floating through her hair
She is slightly embarrassed by everyone who stares
And when she walks away you might say she's a little wild
But she could rule the world when she opens up her mouth and smilesIt's a colorful world that we live in
A colorful world that we live inIt's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live inNow he's been cheated, mistreated by the color of his skin
He is rarely contrary over what should not have been
And he holds his head up instead and he wears a smile
What motivates him most is what he finds deep down insideIt's a colorful world that we live in
A colorful world that we live inCelebrate all our differences
Instead of building these lasting fences
What's in the heart matters most of all
Most of allIt's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live in
It's a colorful worldWe have millions of children with possibilities
From the streets of Nairobi to the hills of Tennessee
Every hand you touch has a friend with a different name
What makes this world a better place is that we're not the sameCelebrate all our differences
Instead of building these lasting fences
What's in the heart matters most of allCelebrate all our differences
Instead of building these lasting fences
What's in the heart matters most of all
Most of allColorful worldIt's a colorful world, it's a beautiful world that we live in
It's a colorful worldIt's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live in
It's a colorful worldIt's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live in
It's a colorful worldIt's a colorful world, it's a beautiful world that we live in
It's a colorful world, it's a beautiful world that we live in
It's a colorful world
