Different Worlds

Blindsighted

Let the time flow, let the love grow
Let the rain shower, let the rose flower
Love it seeks, love it finds
Love it conquers, love it bindsWe come to each other from different worlds
Drawn to each other by the love inside of us
We give to each other our different worlds
As long as we can do it, life is gonna breeze right through itWe reach for each other from different worlds
With love for each other that will stand the test of time
We're up to the challenge of different worlds
With this love inside us, there is none that can divide usLove it seeks and love it finds, love it seeks
Love it finds, love it conquers, love it binds, ah ah
Love it seeks, love it finds, love it conquers, love it binds
