

# My Love Song

Tony Christie

My love song  
Never made the world stand up and start singing  
Never had no sweet poetic lines  
Didn't even rhyme  
All my love song ever said  
Was, please, be mine

My love song  
Only seemed to play when you were close by me  
Something in your smile would turn it on, I need  
All the tender love you showed me, then  
Let my song play again

Nights when I was cold you made me warm  
You hid me from the storm  
Darling, out of love for you, my song was born

And my love song  
Lived upon the happiness you gave to me  
Turn your love on me again and then, truly  
How could we two possibly do wrong  
With your love and my song

You are the world I'm in  
You are the song I sing  
Your love for me will always be my everything

My love song  
Lived upon the happiness you gave to me  
Turn your love on me again and then, truly  
How could we two possibly do wrong  
With your love and my sweet love song

Filling all my heart and soul  
It's my love song  
Say you'll always stay, let it play on, on and on  
My love song
