The Holy Well

Tim O'Brien

Chorus: Let's go down to the holy well
Down among the heather
Hear the water make a gentle sound
We'll heal our souls togetherWhere the water flows from a deeper place
And it starts it's life anew
We'll plant our wishes there with love
Let our dreams come trueChorusWe'll linger there for a quiet hour
By the grasses flowers and ferns
Just put your ear down to the ground
Let simple thoughts returnIt isn't all the far away
Just a few steps from the road
But we can leave our burdens there
We can lighten up our loadChorusHand in hand and side by side
And heart by loving heart
Sit quiet there in the misty shade
And let the healing startChorus
