

# America Town

## Five for Fighting

I know I should be happy in your land  
It's not all that wild to me  
Not that I want to be any other where  
I know it's hell out there Here in the borders of America Town  
All of the dollies are spinning round and round and round  
Hail to the chief, let's just drag them all down  
There's got to be a hero somewhere Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah Used to get annoyed at the fire and the flag  
Now it just seems old to me, everyone is old to me  
And I know we'd kick your ass, but first I'll take a nap tonight  
And know someone's looking out for me Here in the borders of America Town  
All of the dollies are spinning round and round and round  
Hail to the chief, let's just drag them all down  
There's got to be a hero somewhere Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah I tried it, I tried it  
I've seen it and I bought it all, ooh yeah  
I tried it, I tried it  
I've seen it and I bought it all, yeah yeah yeah  
Ooh yeah yeah yeah Not that I'm upset that I can still make my bet  
On the basketball game and I got my spare change  
I'm even okay with the hoodlums on the hill  
They're in my will, like her and you, whom and who in America Town We all spin around in America Town  
I'm really not down, we all spin around  
In America Town, America Town  
America Town, yeah, here we go, here we go Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah Yeah yeah yeah, yeah yeah yeah  
Yeah yeah yeah, yeah yeah yeah
