Pale Bride

Von Bondies

Here she comes, my pale bride
makes it so that i dont try anymore
all dressed in white, sad to see that i dont care anymore
(dont care anymore) i dont care anymore (dont care anymore) i dont..
she's the kind in all my mind fantasy that i can't fake anymore a lullaby makes me want to spend more time with you
(dont care anymore) i dont care anymore (dont care anymore) i dont..

(and she dies) and she dies (and she dies) and she dies
for our love and im the pain
pay no mind that i dont care anymore and on your way take your time to read what's on the wall
(dont care anymore) i dont care anymore (dont care anymore) i dont..
(and she dies) and she dies (and she dies) and she dies
