Astral Romance

Nightwish (Angels Fall First)

A nocturnal concerto
Candlelight whispers me where to go
Hymn of gathering stars, as my guide
As I wander on this path of the night
Embroidery of the stars
Undress my feelings for this earth
Send me your saliva to heal my scars
And let this nakedness be my birth
Macrocosm poured its powers on me
And the hopes of this world, I now must leave
The Nightwish, I sent you centuries ago
Has been heard by those who dwelled in a woe
The distance of our bridal bed
Await for me to be dead
Dust of the galaxies take my hand
Lead me to my beloveds land

Departed by the guillotine of death
I received a letter from the depth
The dream of my lover it carried inside
Caressed by the sharpest knife
I asked you to be my wife
Rays of the setting sun
Where my tears wept upon promises undone
Come to me
Make me believe
To you and your love again
Above the universe
Beneath the 'Great I'
I shall desire you forever more
