

If the Roses Don't Kill Us

Christopher Denny

Back in the day I can recall that,
my thoughts were unclouded and saint
There was no black state in the walls of my memory
Now there's a haze pushing me side a ways, And leaving me nothing to gain
Taking me back, back in disparity Then was I meant to be
I feel I'm lost in a dream
Long for the day I can be myself When I'm free
When my sun has set
Release my soul forever
I have no regret to be free
I'll exists again
No more thoughts endeavor
Nothing to control
When I'm free
Call and decline so it defines me
It's falling away far behind
Nothing to keep me with the time
The human eye Right where I meant to be
I feel I'm lost in a dream
Get in the game only to be myself When I'm free
When my sun has set
Release my soul forever
I have no regret to be free
I'll exists again
No more thoughts endeavor
Nothing to control
When I'm free
Time is a concept and always the first thing to fade
Hiding in a that we can never
Years of crawl
Are we a wrong perception something we can never replace No one to blame, facing me random
Nothing will ever explain, so it reclines Where was I meant to be
I feel I'm lost in a dream
Long for the day I can be myself When will I be unleashed
Is not the worry to me
Living gain only to be myself, Free
