

# Doomsday Jesus

## Black Label Society

Kill your past and all you thought you knew  
Blacked out, hatred running through and through  
Horsemen rolls, tomorrow's fading fast

Make damn sure, aint nothings gonna lastOhhh  
Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you nowSouls that bleed have nowhere left to run

Blind the crucifix and shoot the gun

Generals speak, we leave a trail of dead

Keep on killing 'til theres nothing leftOhhh  
Ohhh

Doomsday jesus we need you now

Oooh

Oooh

Doomsday jesus we need you now
