

Trail of Sulfur

Astronoid

Bending my mind just to say
We found god
The closer we look
The more we are lost
Monuments of the past
Hold our hearts
The smaller they stand
The further we are
So, why must we sing if we want love?
So, why must we sing when we are lost?
All we have, we leave behind
Follow true
The past a lie
We walk away
We walk away
To fade away
Would you
We walk away
We walk away
And drift away
For good
...Solo...
Don't trust my ignorance, innocent
Stranded in thought
Ambivalent
So, why must we sing if we want love?
So, why must we sing when we are lost?
All we have, we leave behind
Follow true
The past a lie
We walk away
We walk away
To fade away
Would you
Follow true
The past a lie
...Solo...
Believer

Innocent
Daydreamer
Believer (I hope)
Deceiver (to stay)
Innocent (dreaming)
Daydreamer
Believer (I hope)
Deceiver (to stay)
Innocent (dreaming)
Daydreamer
Believer (I hope)
Deceiver (to stay)
Innocent (dreaming)
