

Boogie Man

Omar & The Howlers

Boogie Man Omar

On in Mississippi , don't know when
Delta rock is cradle, the blues within?
Daddy plays the guitar told him rock the blues
The boy left from memphis to pay some news
Something in the boy had to get out

You can't stop the boogie man 3x
Nothing is gonna stop the boogie man

Up in Detroit, Hasting street
Everybody dance when the heard that beat
Boogie chilling made history
So it begins his legacy

Didn't need a mouth made his own way

You can't stop the boogie man 3x
Nothing is gonna stop the boogie man
You can't stop the boogie man 3x
Nothing is gonna stop the boogie man

Heard the news the other day
The boogie man past the way
Changed the world with his soul
He left the char called rock and roll
He said when i'm gone i won't be gone
You can't stop the boogie man 3x
Nothing is gonna stop the boogie man

Boogie woogie all night long
Boogie woogie
He said when i'm gone i won't be gone
Cause i will boogie
