

Even in Dreams

The Pains of Being Pure at Heart

You can drive around all night
With the radio on high
And wonder what it's like to be liked
And never feel out of time You're not the only one, you're just my only one Even in dreams I could not betray
you If I could shut my eyes
And disconnect my mind
There's just one thought I'd think
I'd think it all the time 'Cause there's nobody like you
Is that why they don't like you?
You are cold and dead to their jokes Yeah, there's nobody like you
Is that why they don't like you
Like I do? And I do
