Time on My Hands

Russ Columbo

Long, long year I?ve sat in this place
Baby, baby, what?s good I?ve had
When you don?t know where I wanna go
Find a reason love?s left me cold
I?ve got it, time on my hands
Been drinkin? with the sailor boy
Been tryin? hard to understand
Lines here in my hand
Left me hopin? the wild thoughts I had
My lost feelin? made me so sad
Tried so hard, the smile on my face
Can?t get it back again, back home with you
I?ve got it, time on my hands
Been drinkin? with the sailor boy

Been tryin? hard to understand
Out here in my hand
Long, long year I?ve sat in this place
Baby, baby, what?s good I?ve had
When you don?t know where I wanna go
Found a reason love?s left me cold
Oh, I?ve got it, time on my hands
Been drinkin? with the sailor boy
Been tryin? hard to understand
Out here in my hand
Aah feelin' blue again
Aah feelin' blue again
