

Here With Me

Reality Addiction

Im gonna write you a letter.
I'll tell you who i am and what i've done.
I've done better
at being someone else most of the time.
I Never knew about your past,
And all the damage thats been done because of that.
When you look around,
You see nothing but a world thats brought you down (brought you down)

Would I've Made it if i hadn't tried so hard,
I've been standing in this spot for way to long.
Maybe, ill know someday why they left me here to stay,
until then i'll go crazy.
Thats okay because im here with me.

I drew a picture.
of what my life was like when i was young.
Everyones laughing and playing,
Its sad we all have to grow up sometime.
But All i wanted was a friend,
A hand to hold when things got to be to bad.
But you turned around,
When You walked away so fast,
I hit the ground.

I never thought I would be down here on the floor.
Feeling pains i never thought i'd feel before.
Maybe, ill know someday why they left me here to stay,
until then i'll go crazy.
Thats okay because im here with me.

So now that i've tried
And now that im waiting for you (waiting for you)
I'll take my time,
and i'll keep on waiting for
a way to make it out of here alive

Maybe Someday
I'll Know
Why you left me Alone.
Here With me,

And im missing your face like im never gonna see it again
and when i saw, it wasnt all and i couldnt resist.
My face dropped and my pulse was stopped,

[cant make out the rest]
