

# All the Luck in the World

## The Coronas

I heard, I heard we've all the luck in the world  
Or so they said, but you don't sound too self assured  
Well I know what they meant  
They think this happens for free  
And it works out effortlessly  
Would you mind, would you mind if I took up more of your time  
That's all they see, well that's the least of my crimes  
Yeah I know how you feel  
You think this happens for free  
And it works out effortlessly I heard I heard you kept the weight of the world  
Inside inside so get up and give us a twirl  
God knows that I tried I always want to be first  
And I think it could have been worse  
I think it could have been worse  
I think it could have been worse  
This could be something  
This could be something  
This could be something and you're never gonna hear me say  
This feels like nothing but this should be something  
Yeah this could be something and I never thought I'd hear them say  
(I think it could have been worse)  
This could be something  
This could be something  
This could be something and you're never gonna hear me say  
This feels like nothing but this should be something  
Yeah this could be something and I never thought I'd hear them say  
(I think it could have been worse)
