

# Our Love

## The Edge Of Daybreak

if you love me , then I love you to . wish for me as I wish for you .. then nothing will go wrong with our love ,our lone ..if you,re true to me ,then Im ready for you ..treat me as I treat you . then nothing will go wrong with our love , our love....I really feel we can make it , say we both seek the same thing , all we need is a mutual understanding , just two hearts searching for love ,ooohh-----If yot want from me what I want from you , explain it slow , let the vibes flow .then nothing will go wrong with our love , our love ..If you agree with you,re own heart ,then its plain to see we will never part .. then nothing will go wrong with our love our love I really feel we can make it . say we both seek the same thing , all we need is a mutual understanging ,just two hearts searching for love oohh then nothing will go wrong with our love, our love it will be alright if you just care , always near ..
