Hello Again

Ruben Studdard

Hello, my love, hello
I just called to say helloI couldn't sleep at all tonight
And I know it's late
Girl, I couldn't wait
To sayHello, my love, hello
I just called to let you knowI think about you every night
When I'm here alone
And you're there at home
HelloMaybe I'm just crazy and I'm the one to blame
But I put my heart above my head
Girl, we've been through it all but you love me just the same
And you're not there I just need to hearHello, my love, hello
It's so good to need you so
It's good to love you like I do
And to feel this way
When I hear you say
HelloI just wanna hear you say
Hello, hello hello hello
I just called to let you know
That I think about you every night
And I know it's late
But baby I couldn't wait to say
Hello
