

Lost & Found

Israelvis

Original

A first form from which varieties arise
An authentic work of art as opposed to
An imitation or reproduction
Why should I try to sound like y'all sound?
That's what's wrong with the rap game right now
Man, it's like a circus wit a bunch of clowns
Wit a bunch of clicks I'll probably rap circles around
I spit heatrock and I ain't talking rollin'
Soon as the beat knock I'm crowd controlling
When I hear y'all that a awful sound
I don't ride beats I take them off the ground
Land them somewhere show them the town
Even on foreign ground I let them know I'm around
I don't follow everybody when it's time to rap
At one time everybody thought the world was flat
Sounds like you that was my intention
I paid dues now dudes pay attention
I live for it even though the flicks is hittin'
Cribs sick you can see the booth from the kitchen
Speak on it 'cause I saw it happen
This is hip hop dawg
I ain't just rappin'
Y'all looking at a real MC
Man you couldn't check a mic for me
Why should I try to sound like y'all sound?
That's what's wrong with the rap game right now
Man, it's like a circus wit a bunch of clowns
Wit a bunch of clicks I'll probably rap circles around
Why should I try to sound like y'all sound
That's what's wrong wit the rap game right now
Why should I try to flow the way y'all flow
Or do a show like y'all show
Naw that ain't where my head at now
Y'all in the hip hop lost and found
Man, that's wrong with the rap game right now
It's like a circus wit a bunch of clowns
Wit a bunch of clicks
I'll probably rap circles around

Let's talk about rhyme capability
Let's talk about hip hop versatility
Let's talk about taking the game beyond
Now how the hell we gon' have a battle of wits
Trick you ain't armed
Let's talk about love for the game
I mean real love
Back before there was fame, I'm real wit it
I ain't claiming to reign
But when y'all talk about rap

Y'all gon' start saying my name
For real though I ain't playin'
Plenty of y'all love a brotha just scared to say it
Yo, the first ever rap Grammy
Let's talk about the only reason yo ass went to Miami
(Yup)
Truck wit rims
(Check)
Throw back jersey
(Check)
Champagne bottles
(Check)
Lot's of models
(Check)
Damn, that's the list for 90 percent
Of y'all videos and songs
Am I wrong?
Why should I try to sound like y'all sound?
That's what's wrong with the rap game right now
Man, it's like a circus wit a bunch of clowns
Wit a bunch of clicks I'll probably rap circles around
Lost
When you a slave to the biz
Wit no care for the cost of what you sayin' to kids
Found
Is when ya lyrics are a test of time
And your mom hear that your spirit is blessed divine
Lost
Is when you rhyme till your throat gets sore
But you don't even believe what you say no more
Found
Is when you bleed heart into the mic
And the pain you sustain it can change a life
Lost

Is when you hide behind the freedom of speech
While sure you're free to do it
But what it mean to do it
Did you mean to do it?
Did you need to do it?
Did you take time to think about the seeds you ruined?
Found is Esco, dead Prez and them
Found is Lauren Hill
Found is Rakim
Found can be you
If you felt the message and ask yourself this question
Why should I try to sound like y'all sound?
That's what's wrong with the rap game right now
Man, it's like a circus wit a bunch of clowns
Wit a bunch of clicks I'll probably rap circles around
