

Adventure Playground

Television Personalities

Do you ever stop, stop and wonder
What it is you want
Live your life by their expectation
Pride before a fall
Try to find the truth before it finds you
Or you may get hurt
When you realise the situation's
Out of your control To the adventure playground
I'm coming out to play Don't be scared to voice your opinion
Spray it on the wall
Then you'll realise perhaps your friends
Are not your friends at all
Do you ever stop, stop and wonder
Who it is you know
Always someone there to impress you
With their bright ideas To the adventure playground
I'm coming out to play
