

I Will Protect You

Korn

What you gonna do and what you gonna feel when suddenly I slip away?

Almost am a ghost of who I use to be, yesterday

How you going to touch and how will you collect the beauty when it turns to dust?

Everything we make, the cells we generate are both of us[Chorus]

Please be aware that I am you

Nothing could be more certain

This ain't the time, the place, for us to understand this life Hold you in my arms, I'll hold you in my gaze,
singing with my dying breath

Underneath this earth I'd resurrect your soul and nothing less

Sorry for the space, if I could fill the void an ocean wouldn't hold the love

And everything I have and all I ever was is not enough[Chorus]

Please be aware that I am you

Nothing could be more certain This ain't the time, the place, for us to understand this life I will forget me

I will forget me

I will forget me

I will protect you [x9][Chorus]

Please be aware that I am you

Nothing could be more certain

This ain't the time, the place, for us to understand this life This ain't the time, this ain't the place [x4] This ain't
the time, this ain't the place [x3] I will protect you [x5]
