(Verse 1)

Once upon a time not long ago, I bumped into this old ho I use to know  
I said Tick Tock Ticker I like to drink liquor  
I jack my dick because the nut comes quicker  
She told me she was lonely and she wanted to know  
If Iâ€™d give her a ride up to the liquor store  
She jump inside the malli Iâ€™m going back to calli  
I pressed on the gas with the soul in my malli  
She said forget the store lets go for a ride  
My lubricated condoms with my jimmy inside  
I looked at her titties they were nice and big  
So I parked in the dark at the park you dig  
She said â€œGimmie Gimmie gum drops and donâ€™t make the cum stop  
Fucked up drum rock but good shit lolly popâ€•  
TNT dynamite your blowing on my hot stick  
I think I got chap stick all on my dicks tip  
Right and exact I think I heard her jaw crack  
Infact I did it like that

(Hook)

I did it like this  
I did it like that (X8)

(Verse 2)

I said the girl with the burgundy hair  
I said the girl with the burgundy hair  
I said the girl with the burgundy hair  
Bring your fat ass over here  
I said whatâ€™s up honey donâ€™t act funny

My dick is in my hand and it's ready to start cuming  
It's like a frank footer but it's a sex shooter  
Up in your ass like the damn budda rooter  
Slinky kinky test it with my pinky  
Sniffed it with my nose and it smells kind of stinky  
I use some protection to cover my erection  
On top like I'm sexing when I start flexing  
Watch out baby for the old one two  
Cause once I get 1 thing the jokes on you  
Hey ladies bitch's traps sluts scezzes whatever  
Saying ever or never that you will ever endeavour  
On a brother so clever nick named my jimmy name Trevor  
Me and him gets busy in any kind of weather  
As the story gets told bitch's know I'm out cold  
I'm cumming, I'm cumming as I drop my load  
So keep it right and exact I punch Your booty all black  
I'm dropping nothing but facts  
Cause I did it like that

(Hook)

I did it like this  
I did it like that (X8)

(Verse 2)

It's like this y'all, It's like that y'all  
I cracked a bitch in the head with a bat y'all  
It's like this y'all, It's like that y'all  
I take my jimmy hat straight out the pack y'all  
I said my name is TNT the all time great  
I fucked the most pussy in Michigan state  
My dick and I will tell no lie  
They want to be down with the T  
I'm the wanted dick from the wanted clit  
Wondered why every bitch they got to lick  
This niggero up and down like a snow cone  
Once I hit the pussy I tell the bitch to go home  
I wreck more cunts and smoke blunts with the stunts  
Booty's on my butt so don't you even front  
Hochie Coochie wash out your pussy  
It's making me oozy and that's when you lose me  
My dick is the key and your pussy is the key hole  
Nut comes right out of this here pee hole  
Right and exact I bust an actual fact  
You get a smack for that

And I did it like that

(Hook)

I did it like this

I did it like that (X8)

(Bridge)

1 for my nuts

2 for my dick

3 for the nut that comes out of it (X4)
