

Drawing Me Closer

Point Of Grace

I'd be lost here inside myself
I'd be nothing without You
If Your ways didn't pull me in
Like they do It's the hope I know, the grace You show
That drawing me closer, drawing me closer
It's the peace I feel, it's Your love so real
That's drawing me closer And my heart beats with pure amazement
Every time I feel the tender touch of Your love
Drawing me closer
Tell me how when You hold me near
I can feel so free
Where would I be if not for You
Moving me It's the hope I know, the grace You show
That drawing me closer, drawing me closer
It's the peace I feel, it's Your love so real
That's drawing me closer Your love
I can hear Your voice, it's calling me
To the shelter of Your arms It's the hope I know, the grace You show
That drawing me closer, drawing me closer
It's the peace I feel, it's Your love so real
That's drawing me closer It's the hope I know, the grace You show
That's drawing me closer
It's the peace I feel, it's Your love so real
That's drawing me closer It's the hope I know, the grace You show
That drawing me closer, drawing me closer
It's the peace I feel, it's Your love so real
That's drawing me closer Your love
Closer, Closer
Hey, hey now drawing me closer
Hey, hey now Everybody come and see
Hey, hey now, yeah
Drawing me closer
Hey, hey now
