

Goin' Away Baby

[Eric Clapton](#)

Lord, I'm going away just to wear you off my mind

Lord, I'm going away just to wear you off my mind

Well you keep me worrying, 'bout it all the time Well, I ain't never loved her, four womens in my life

Well, I ain't ever loved her, four womens in my life

Well, my mother and my sister, sweetheart, and my wife Have you don't want me baby, please don't call me at
all

If you don't want me baby, please don't call me at all

Well, just like you found me, you can put me down Well now goodbye baby, if you call at home

Well now goodbye baby, if you call at home

You can go away, swear you won't stay long
