

Be With You (Groove Brothers Edit)

Atomic Kitten

That's not the proper lyrics it goes like this
You and I
Two of a kind
A meeting of minds
The time of our lives
The perfect night
out of sight
As I look in your eyes
Never felt so right
I really want tonight to last forever
I really want to be with you
I really want tonight to last forever
I really want to be with you
Night and day
Come what may
There's always change
Nothing stays the same
Who can say?
What will come our way
Leave it all to fate
Let tomorrow wait
I really want tonight to last forever
I really want to be with you
I really want tonight to last forever
I really want to be with you
Tonight, yeah
Tonight yeah
I really want tonight to last forever
I really want to be with you
Let the music play on top of life tonight
You no i really want to be with you,
You no i really want to be with you,
The perfect night
Out of sight
As I look in your eyes
Never felt so right
Oh yeah
I really want tonight to last forever
I really want to be with you
I really want tonight to last forever
I really want to be with you
Oh yeah, Tonight
I really want tonight to last forever
I really want to be with you
You no i really want to be with you
You no i really want to be with you

You no i really want to be with you
