# Nothing Worth Living For

## Violent Femmes

There's nothing worth living for tonight
Tell me that there's something worth living for tonight
Don't let me down
Don't let me drownThere's nothing worth living for tonight
Tell me that there's something worth living for tonight
Don't let me down
Don't let me drownThe pain is somewhere
Somewhere very close to me
The pain is somewhere
Somewhere very close to meThere's nothing worth living for tonight
Tell me that there's something worth living for tonight
Don't let me down
Don't let me drownThe pain is somewhere
Somewhere very close to me
The pain is somewhere
Somewhere very close to meThere's nothing worth living for tonight
Tell me that there's something worth living for tonight
Don't let me down
Don't let me drownDon't let me down
Don't let me drown
