What A Life!

Divinyls

Sorry its taken me a while
it's just my writing style
it's all the same on the weekends
and I'd like to see you againI hope you found some employment
I wish I could find some enjoyment here
I always see the same faces
and I'd like to see yours againNo one has checked in to this place
since you've been gone(*3)You told me, you would come back, you told meYou were the only one who had an effect on me, yeah
You were the only one who had an effect on me, oohNo one has checked into this place
since you've been gone(*3)Hey! You told me, you would come back, you told methe Life Magazine you lent me
Makes my life seems so empty here
Oh, what a life! What a life! What a life!You were the only one who had an effect on me (*3)
yes you did, yes you did*What a Life* *yeh yeh*
yes you did
alternativesthen ..
What a life... yeh yeh
