Fall Into Oblivion

Evereve

Downward the shores we pass
Clouds bathed in sombre twilight
Dust beneath our dragging feet
The crumbled shapes of your imageLeft behind the dreams of a time
That is fading away tirelessly
Paralyzed we are
The light of old aged starsWe kissed the girls, we drank the wine
So why the hell not die
We cried out our songs to indifferent ears
So why the hell not dieAnd fall into oblivion
And fall into oblivion[Incomprehensible]When it comes to the dying season
Will you stay right at our side?
When we leave this place together
Through the glens of the afterlifeAt the shores of the tranquil sea
Waves take the land tirelessly
Take our thoughts away
To the light of old aged starsStill in my mind
Still in my mindOnly among the stars, there lies freedom
Only among the stars, there is eternity
Only for one short moment our lives do last
Until all the memories are wasted away
From the shores out of our galaxyWe kissed the girls, we drank the wine
So why the hell not die
We cried out our songs to indifferent ears
So why the hell not dieWe kissed the girls, we drank the wine
So why the hell not die
We cried out our songs to indifferent ears
So why the hell not dieAnd fall into oblivion
And fall into oblivion
And fall into oblivion
We're fallingAnd fall into oblivion
And fall into oblivion
And fall into oblivion
We're fallingAnd fall into oblivion
And fall into oblivion
And fall into oblivion
We're fallingAnd fall into oblivion
And fall into oblivion
And fall into oblivion

We're falling
