

# White Girl (Single Mix)

X

She's blond  
Came along the sidewalk  
Leave a trail of blue and black up to you, fighting back  
Steel chains, a noose of charms on our necks  
I find out nothing when we talk and sit  
Blue heart passion and watch the set  
Easy to fall, part of your skull starts to break away  
Cheaters walk down the block behind this evil street  
She's a white girl but I'm living with a white girl  
She's a white girl but I'm living with a white girl  
Nineteen, missing her man for an old girl  
Drain every beer left over at home  
And listen to ghosts in the other room  
Why not you're alone inside his keeping?  
Oh I'll replace your drunk old man  
Sit in the parking lot and hold your hand  
Easy to fall, part of your skull starts to break away  
Drugged and in love out at a club, pulling me outside  
She's a white girl but I'm living with a white girl  
She's a white girl but I'm living with a white girl  
Easy to fall, part of your skull starts to break away  
Drugged and in love out at a club, pulling me outside  
She's a white girl but I'm living with a white girl  
She's a white girl but I'm living with a white girl
