## Hooverphonic

And through all Alex's wondrous childhood  
He would honor and obey  
Love and watch the lovely maiden  
On whose gentle arms he just lay All men, all must be mild and obedient  
All men, all must be mild and obedient  
As good as he And through all Alex's wondrous childhood  
He would honor and obey  
Love and watch the lovely maiden  
On whose gentle arms he just lay All men, all must be mild and obedient  
As good as he
