Don't Go yet John

Amy LaVere

I wronged my baby
I thought that he was foolin' me
He lied before now didn't he
But I sure miss his company
Don't go yet John
My list isn't that long
It's only got you, Michelle, and one other dude
Please don't goI wronged my baby
I thought that he was foolin' me
I said some things I didn't mean
Unless of course he did those thingsDon't go yet John
I've got a little one
Don't go yet John
I swear that your apology, it's gonna work this timeI wronged my baby
Cuz I'm pretty sure that he loves me
Don't go yet John
My list isn't that long
It's only got you, Michelle, and one other dude
Please don't go
