

Obsession

Attila

(Verse 1)

Check, check, 1-2-3-4 y'all, let's go

Can you please do me a favor and get me the hammer please

So I can hit this motherfucker right in his face ass bitch in a tree?

I hope you flip shit 'cos that's where everybody gets in, get all the money and weed

This is my obsession and nobody can change it unless if it's gotta do with me

Got your girl on stage, getting high, her face looking like she wanna pee

On the stage, well, goddamn, you gotta wake up and see yourself on national TV right now!

(Well that's the voices telling you to shut up and take off all your clothes so all the boys get your digits, look
real damn fly)(Pre Chorus)

And does it look like I care? (look again, look again)

Nobody's gonna change (a single thing)(Chorus)

Sing it, everything that's in your head is just making you look so much worse

And I am the devil on your shoulders telling you "Just Do It" like Shia LaBeouf did

Ooh, won't ya look at the time? Get your guns, my obsession with me and you, it's about to get lit(Go!)(Verse 2)

Man up, don't puss out, just keep the blunts rollin'

We'll pop a molly, trust me it's my obsession so instead, you can do the unfolding

Of the sacks of papers, got a whole shit ton of views so far on Livestreaming while this bitch be crawling (on
my dick)

So what? Party it up, turn up the bass, fight each other and pretend that it's a part of our mystery plan so we
don't got douchebags like you asking for too much sauce and the next thing you know, you're about to get dead

Wow!

Huh, what a coincidence?

You motherfuckers didn't quit this shit yet?

Oh, I get it, you don't want my disease, you just us to get blowjobs from transgendered girls, calling us faggots,
and telling the police that this was all on us?

You better keep your fucking mouths shut Oh, here we go!(Pre Chorus)

And does it look like I care? (look again, look again)

Nobody's gonna change (a single thing)(Chorus)

Sing it, everything that's in your head is just making you look so much worse

And I am the devil on your shoulders telling you "Just Do It" like Shia LaBeouf did

Ooh, won't ya look at the time? Get your guns, my obsession with me and you, it's about to get lit
(x2)(Outro)

Aww shit! Did you see that bitches?

We just got caught on camera, live, homie, live!

Can you see that shit?

We're all going down

And yet this is still my obsession!

(Hell yeah)
