

# Stayin 4Eva

## Benzino

In the studio all night makin' hits  
Since you claim, I don't right, I'm a put it like this  
Benzino shit tight when I flex my wrists  
Check the publishing, dawg, I gets checks for this And the public gonna love you, when they check for this  
Motivated by the hate, you better check the list  
Shit's climbin', homeboy, you better check these whips  
Fully loaded with a tech two extra clips Now it wasn't really that long ago  
When I put it down with my team almighty R.S.O.  
Hustler by night, make beats in the day  
Had that thing under the bed if you fuck with Ray Damn shame, why we gotta live this way  
Protect my life by any means, I ain't dyin' today  
And I love rap music, it's the reason I'm alive  
And my faith in God is the reason I survive, what I'm prayin' forever  
I gotta find another way up  
Ain't no way I'll ever lay down  
I'm stayin' forever  
And there ain't nothin' holdin' me down  
Ain't no way to count me out Not too many chose the path that young Zino took  
Where the R.S.O. or Made Men cats we shook  
I find it hard to believe that dawg's still livin'  
Let alone makin' music and I in prison Destiny's some shit you can't avoid  
Build a solid foundation and you can't destroy  
Me, Jeff and JD, we keepin' it real  
We stay in homeboys, fuck a record deal Shit, don't move 'less you got somethin' to prove  
Caught up in the streets, go gun for gun  
Since day one, I know I stack a million plus  
Maintain, keep my cash flow up, bumble and sickly Still got my .38 with me and my gangsta tight  
Like invincible, shit get critical  
You fake, I ain't feelin' you  
Dead upon arrival, it's all about survival  
I'm a rep for my title I'm prayin' forever  
I gotta find another way up  
Ain't no way I'll ever lay down  
I'm stayin' forever  
And there ain't nothin' holdin' me down  
Ain't no way to count me out Dead before dishonor, I'm a scream it loud  
Put in work Four Corners where I move the crowd  
Undenied my dawgs were the best around  
Media constantly tryin' to test my ground Attitude real 'noyed, my trust is gone

Temper always flare up, my patience worn  
Association's a bitch when you known by all  
Conspiracy with a snitch, wanna see me fall? Raw shit revoke, I don't seem to ever learn my lesson  
Hayes blowin' out the roof, spray envy and blessin'  
Ray face the truth when niggas start confessin'  
Hot up in the booth, I hope I answered all your questions I'm prayin' forever  
I gotta find another way up  
Ain't no way I'll ever lay down  
I'm stayin' forever  
And there ain't nothin' holdin' me down  
Ain't no way to count me out I'm prayin' forever  
I gotta find another way up  
Ain't no way I'll ever lay down  
I'm stayin' forever  
And there ain't nothin' holdin' me down  
Ain't no way to count me out Ain't no way to count me out  
I'm gon' be here for you, babe  
We gotta find a way out
