

Lady Lynda

Beach Boys

Lady, lady, lady, lady
Won't you come here and lie lady Lynda with me
 We can lie in the green canyon meadows
 And we'll hear the birds sing in the spring
Don't you know if you'll stay lady Lynda with me
 We can talk about love ever after
 When you lie lady Lynda with me
 Lynda, won't you say that we can be near
You cannot deny there've been hard times, ooh
 Darlin', evolution is drawing us near
 Look in my eyes whoa
 Lynda, won't you say that I am your man
Don't look surprised, it's all in his plan, ooh
 But darlin', evolution is drawing us near
 Lie lady lie
 Ooh lady, won't you lie lady
Now won't you stay lady Lynda with me
 We can talk about love ever after
 When you lie lady Lynda with me
 Ohh lady, won't you lie lady
 Won't you, ooh lady
 Won't you stay lady with me
 When you lie lady Lynda
 Come along with me
 Ohh lady, won't you lie lady
 Won't you lie with me
Darlin' you know you make my heart sing
 Won't you come along and sing a song
 Sing the sound of love
 Ohh lady won't you lie lady
 Won't you lie with me
Darlin', your love is like the coming spring
 Won't you come along and sing a song
 Sing the song my love
 Ohh lady, won't you lie lady
 Won't you lie with me
Darlin', your love is like the coming spring
 Won't you come along and sing a song
 Sing the song my love

Ohh lady, won't you lie lady
Won't you lie with me
Darlin' your love is like the coming spring
Won't you come along and sing a song
Sing the song my love
Ooh lady, won't you lie lady, won't you marry me
