

Everybody Come Clap Your Hands

The Searchers

Everybody come and clap your hands
Don't you know when you dance
You got to smile, oh, you can't cry
Try it a while, you'll be surprisedBaby, it's rock 'n' roll music
I said, can't you hear that music?
Well, alright
(Well, alright)
Well, alright
(Well alright)
Well, alright now, yeahTry the monkey, it's a somethin' new
But I don't care what you do
'Long as you dance and move your feet
Get in a trance, feelin' the beatChildren, it's rock 'n' roll music
