

# Flight #303

Feist

Three oh three, three oh three  
Three oh three, three oh three Bring a lot of love, bring a lot of love  
Bring a lot of love  
And you knew would be left way way waiting Wear a yellow hat  
I catch you fallen at the laundromat  
See pilot soon  
And even he would give you your Flight number, flight number  
Flight number flight Flight number, flight number  
Flight number flight Three oh three, three oh three  
Three oh three, three oh three See a tailor soon  
He'll call you on your life of silver spoon  
No one gets a say on how to raise  
And in what way way way Put some faith in the apartment twine  
Get red key and a door to lock up  
I like to think I am a one way lie  
So you don't wait until the time is right Three oh three, three oh three  
Three oh three, three oh three  
Three oh three, three oh three  
Three oh three, three oh three  
Three oh three, three oh three Three oh three
