Ain't Gon' Beg You

Fantasia

I mean I'm not gon' beg you
I see, I see you just ain't ain't actin' right
It's OK

Every time I need someone to be there
When I had me one of them crazy days (I ain't gon' beg you)
Every time I want someone to treat
Like they always said they were gon' treat like (I ain't gon' beg you)

Because I let you slide before
But I see you ain't gon' learn
Since you like to play with fire then imma let us burn
(boy you) ain't nothin'
(gon' miss) my lovin'
And last time was the last time so I'm through with you

No I ain't gon' beg you no more
I'm sick and tired of waitin' don't know what I'm waitin' for
Cause you know you don't treat me like you should
When you know I'm the coldest thing up out the hood
No I ain't gon' you no more
And if you not down down with this then baby theres a door
I'm usually not the type to just lay it down and quit
But a lot men would get with it
So I ain't gon' beg you no more

Every time I wanna be wine and dine
Takin' out on a Friday night to spend a little time
(I ain't gon' beg you)
And every time I need some huggin'
And some lovin' but it's late and I don't get nothin'
(I ain't gon' beg you)

Because I let you slide before
But I see you ain't gon' learn
Since you like to play with fire then I'm a let us burn
(boy you) ain't nothin'
(gon' miss) my lovin'
And last time was the last time so I'm through with you

No I ain't gon' beg you no more
I'm sick and tired of waitin' don't know what I'm waitin' for
Cause you know you don't treat me like you should
When you know I'm the coldest thing up out the hood
No I ain't gon' you no more
And if you not down down with this then baby there's a door
I'm usually not the type to just lay it down and quiet
But a lot men would get with it
So I ain't gon' beg you no more

(ooh) said I'm through with being patient
I ain't here for you just to come and
(take it when you wanna take it)
You took it all for guaranteed
(all that good love and all that freaky stuff)
Is all gon'
(ooh, if that's how you is)
Then let me tell you this
(take your lame-o tired excuses somewhere else's)
Somewhere else's
Cause you thinkin' I don't wanna hear it
(you thinkin' I don't wanna hear it)
Stay away I don't wanna get near it
Cause boy I'm movin' not only that

No I ain't gon' beg you no more
I'm sick and tired of waitin' don't know what I'm waitin' for
Cause you know you don't treat me like you should
When you know I'm the coldest thing up out the hood
No I ain't gon' you no more
And if you not down down with this then baby there's a door
I'm usually not the type to just lay it down and quiet
But a lot men would get with it
So I ain't gon' beg you no more

Ain't gon' beg you to love me
Ain't gon' beg you to hold me
Ain't gon' you to pick up and take me out
I ain't gon' beg you to ice me
Ain't gon' you to want me
Ain't gon' to do things a real man about
