Reasons

Kotipelto

Can't you hear me awaitning
Listen to the sounds of your mind
and everything I've been saying
don't you see or are you blind?These are the reasons- Take a look around
Another season- all the things you've found
These are the reasons- lying on the groundHear me call your name
All the things I sayCan't you see me walking
I'm trying to find my way to you
And all the things I've been saying
Are from my heart tried and trueThese are the reasoons- Take a look around
Another season- all the things you've found
These are the reasons- lying on the groundHear me call your name
All the things I say
