

Neat Neat Neat

The Damned

Be a man
Can a mystery man, be a doll
Be a baby doll, it can't be fun not any way
There can be found no way at all
A distant man can't sympathise
Can't uphold his distant laws
Due to form on that today
I got a feeling then I hear that call, i said Neat neat neat
She can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat, she can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat No crime if there ain't no law
No more cops left to mess you around
No more dreams of mystery chords
No more sight to bring you down
I got a crazy, got a thought in my mind
My mind's on when she falls asleep
Feelin' fine in her restless time
Then these words upon me creep, i said Neat neat neat
She can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat, she can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat Be a man
Can a mystery man, be a doll
Be a baby doll, it can't be fun not any way
There can be found no way at all
A distant man can't sympathise
Can't uphold his distant laws
Due to form on that today
I got a feeling then I hear that call, i said Neat neat neat
She can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat, she can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat Neat neat neat
She can't afford a cannon
Neat neat neat, she can't afford a gun at all

Neat neat neat, she can't afford a cannon
Neat neat neat, she can't afford a gun at all
Neat neat neat
