Neat Neat Neat

The **Damned**

Be a man

Can a mystery man, be a doll

Be a baby doll, it can't be fun not any way

There can be found no way at all

A distant man can't sympathise

Can't uphold his distant laws

Due to form on that today

I got a feeling then I hear that call,i saidNeat neat neat

She can't afford a cannon

Neat neat neat, she can't afford a gun at all

Neat neat neat, she can't afford a cannon

Neat neat neat, she can't afford a gun at all

Neat neat No crime if there ain't no law

No more cops left to mess you around

No more dreams of mystery chords

No more sight to bring you down

I got a crazy, got a thought in my mind

My mind's on when she falls asleep

Feelin' fine in her restless time

Then these words upon me creep, i saidNeat neat neat

She can't afford a cannon

Neat neat neat, she can't afford a gun at all

Neat neat neat, she can't afford a cannon

Neat neat neat, she can't afford a gun at all

Neat neat neatBe a man
