

# Gone

## Black Taxi

Left my lover sleeping and slipped off into the night  
Iâ€™m going. Iâ€™m going. I'm gone  
From this town where living never seems to be enough  
Iâ€™m going. Iâ€™m going. I'm gone

I donâ€™t need no one beside me. I donâ€™t need your heartbreak thighs  
I donâ€™t need your galaxy, girl. Gotta a wall of dark to ride  
Leaking out this prohibition, spiggoting all thatâ€™s inside  
Pocket holes left trailing my ex-jobs, ex-wives, ex-lives

Ah-hi-ee--ya-ha, ah-hi-ee-ya-ha, canâ€™t hold me down  
Ah-hi-ee--ya-ha, ah-hi-ee-ya-ha, my home's a sound

Where the tide is pulling me to dance into the night  
Iâ€™m going. Iâ€™m going. I'm gone  
Sinking down until I find the source of all that cries,  
Iâ€™m going. Iâ€™m going. I'm gone

All I need is whiskey mister. I donâ€™t need no other guide  
You can keep your north star 'cause there ainâ€™t a map where one should hide  
Feverish I fling myself at mercy of the countryside  
Where I go thereâ€™s no return alive

Ah-hi-ee--ya-ha, ah-hi-ee-ya-ha, canâ€™t hold me down  
Ah-hi-ee--ya-ha, ah-hi-ee-ya-ha, my home's a sound
