

Like Lovers Do

Roxette

Take the line between us
And hold it close to you,
I want us to get together,
Like lovers do. Let me kiss away your troubles,
The cold and lonely nights,
Just take this heart I'm giving
And love is on the rise. Like lovers do
Want to hold you through the night,
Like lovers do
And when I look into your eyes, Like lovers do
Oh I'm drowning in an ocean of emotion.
It feels just like forever
Since I made love to you, September days of scarlet,
April morning dew.
So take the love between us
And hold it close to you, I want us to get together
Like lovers do
