## Braid

Why do Cupids and Angels continually haunt her dreams  
Like memories of another life is painted on her shirt in capitals  
Out on the free free way there's only she an the they  
Represented by the lights  
We went to the store and bought something great  
Which samples this song from Washington state

Go, go little record go it is named by some guy named Joe  
And the words are the letters of the words  
Said electrically played for outer space and those  
Of they who paid this song is twice occurred  
And now its time to go away on holiday
