# Oxygen

## Soma Sonic

Breathe, exhale,
Breathe, exhale, deepBreathing, exhaling
Renewing life withinI breathe in...
Filling...
Running...
And flowing...I breathe in to get some fresh air
That's filling my heart and my head
And running all over the place
And flowing in all my veins.(repeat)Breathing...Exhaling...
Breathing...Exhaling...Deeper is higher.
Deeper is higher.
Deeper is higher.
Deeper is higher.I breathe in to get some fresh air
That's filling, filling my heart and my head
And running, running all over the place
And flowing, flowing in all of my veins.Breathe, exhale, breathing...exhaling
