

# Shake & Tumble

## Firehouse

Turn up the jukebox  
Gonna tear this damn place down  
Lookin' for action  
Yeah, wherever it can be found  
I ain't no Johnny come lately  
I'm Johnny on the spot  
I don't need no lady  
I need a woman that get's me hot  
Too naughty to be nice, too bad to be good  
I'm all shook up, oh baby, I don't know what to do, oh no  
It's got that rhythm and it makes me loose control  
When we  
Shake and tumble  
Shake and tumble, down with me baby  
Shake and tumble, down  
I need a woman that can make me  
Shake and tumble down, oh yeah  
Body slammin' and got you on the floor  
Down and dirty, is what I'm lookin' for  
It's got that rhythm and it makes me lose control  
When we  
Shake and tumble  
Shake and tumble, down with me baby  
Shake and tumble, down  
I need a woman that can make me  
Shake and tumble down, oh yeah  
Shake and tumble, baby take, baby shake me  
Shake and tumble, down with me baby  
Com'n shake and tumble, down  
Shake and tumble  
Ooh make me, shake it to the down  
Com'n and shake and tumble  
Shake and tumble  
Down, down, down, down  
Shake and tumble, down  
I need a woman that can make me  
Shake and tumble down, oh yeah
