Space Race

The Space Cossacks

The championship of flying in space
is about to take place again
Competitors from any distant sun
will join in this dangerous game, called...
Space race, space race
without any rules, space race
Space race, space race
it's only for fools, space race
It's a hundred laps around a star
and the first prize is very very high
You can do exactly what you like
and many others will die, in...
Space race, space race
without any rules, space race
Space race, space race
it's only for fools, space race
It's the third time I am doing this
but I still haven't won
But I think I have a chance this time
to become #1, in...
Space race, space race
without any rules, space race
Space race, space race
it's only for fools, space race
