

Beats Workin'

Van Halen

Here today, gone later today
I been reading what the bloggers say
How 'bout a great big slice for me
Otherwise or professionallyBeats workin'
Startin' up in my feet
Goes to workin' on the rest of me
Live this life of luxury sho-nuff baby
Beats workin' for meKid'll land on his feet
If he don't land on his seat!
This beats workin' baby
'Cause red hot, baby like it or not
Don't you know that
This beats workin' baby
'Cause red hot, baby like it or notOne empty floor
Stands between the stage and the welfare door
Heads or tails of the same bread
Coin of the realm, just like the man said
